It is a matter of pleasure to say that looking to 50 years long Educational and social International/National service rendered by Prof. Tater, he is Felicitated by "International Lifetime Achievement Award" by World Clean Environment Congress by the selection of 3 big NGOs (Federation of Indian Universities, NICER & SERI) during their big programme on 05 June 2017 at Indian International Centre(Govt. of India Culture Ministry), New DELHI in presence of 10 countries Ambassadors and Governor Tripura & Haryana. It is a matter of proud for all of us.
Thanks.
