Dear sir,

Namaskar.

Thank you so much for giving us an opportunity to publish your articles in our website (which will be launched in two weeks from now positively).

I received your bio-data.I don't have the age or wisdom to comment on your service,which you have rendered all these years to the society.It is so heartening to see that you have molded many youngsters like me in your life.

I just bow down before you and would definitely be interested to have you as the patron for our non profit organization.

Perhaps,we shall meet and discuss more about this when you visit Chennai sir.

I will create a profile page for you and share the website link once it goes live sir.

Looking forward to learn more about life in coming years. Namaskaram, Rakesh.
