

TRUE RELIGION

Always experience, in reality I am pure Soul with infinite knowledge, faith, energy and bliss and my mind, speech and body is relative. Both are separate. That is called Bhed Vigyan (Self Realization-Vitrag Vigyan). I am not doer, nature is doer, this experience will vanish your all ego(proud) and will make you free from all bondage. Never think ill of others and Don't give trouble to any one, if given, repent every time with a promise not to repeat next time. It is law of nature that no effect without cause. With this principle whatever comes to us in life in the form of karmas is all effect of causes created by us in past. So accept it with full faith and bear the situation with tranquility.This is true religion. Jaichchidanand. Prof.(Dr.) Sohan Raj Tater.
