The magnificent monument of the **World's Largest Dome** is a unique structure in the name of MOTHER INDIA, which blends Science, Religion and Philosophy for the wellbeing of mankind. Conveying the message of unity in diversity, it holds some of the **world's best literature including ancient scriptures from over 100 countries of the world**, along with **54 larger than life bronze statues of some of the greatest Saints, Scientists and Philosophers** of entire world. This unique prayer hall is named after one of the greatest Philosopher Saints of the world, **Saint Shri Dnyaneshwara – An Embodiment of Knowledge Divine and Peace**, who in a short life span of only 21 years, defined the essence of harmonizing science with spirituality for world peace.

**MIT World Peace University, Pune, India**, firmly believes in the saying of the 13<sup>th</sup> Century Indian Philosopher Saint Shri Dnyaneshwara that, "The Entire Universe is a manifestation of Pure Consciousness and Intelligence." MIT World Peace University further identifies itself with the assertion made by the greatest visionary scientist of 20<sup>th</sup> Century DR. ALBERT EINSTEIN that, "**I believe in God, who reveals himself in the orderly harmony of the universe and I further believe that intelligence is manifested throughout Mother Nature**", which amply clarifies the very essence and philosophy behind Science, Religion / Spirituality and Philosophy.

Once again, on behalf of the **Board of Trustees** and the **Organizing Committee of the World Parliament of Science, Religion and Philosophy**, we earnestly request you to address the **Plenary Session 2: 'Need to promote the Gandhian Philosophy of Truth and Non-violence to establish a Peace-loving Holistic Global Society'** at the historic **5<sup>th</sup> World Parliament of Science, Religion and Philosophy** with your august presence and oblige.

We keenly look forward to receiving your kind affirmative response.

With warm regards.

**Yours sincerely,**

**Dr. Vijay P. Bhatkar**
